DISCOVERY IS NOW CONFIRMED

Danish Official Declares Dr. Cook Found Pole.

BIG RECEPTION IS PLANNED

Explorer Will Be Signally Honored Upon His Arrival in New York City—President Taft May Welcome Him—Not Known Just When He Will Return to This Country.

Washington, Sept. 3.—Maurice F. Magan, the United States minister at Copenhagen, has telegraphed the state department that Dr. Cook's reported discovery of the North Pole has been corroborated by Dergaard Jensen, the Danish inspector of North Greenland.

New York, Sept. 3.—Preparations already are afoot here to make the homecoming of Dr. Frederick A. Cook an event of national and possibly international importance. If the plans outlined by members of the Arctic club are carried out the welcome home which Dr. Cook will receive in New York will be an ovation in which city, state and nation will take part, while prominent explorers—Cook's former rivals—from all parts of the globe, will gather to pay their personal tribute to his achievement.

Among the most notable of those who in all probability will be here to greet Dr. Cook on his return will be Lieutenant Shackleton, the intrepid Englishman whose recent explorations in the Antarctic during which he succeeded in pushing nearer to the South Pole than had any previous explorer, made him a figure of worldwide prominence.

Members of the Arctic club hope that President Taft may himself be present as the nation's representative to welcome Dr. Cook.

Honor Would Be Fitting.

"Such an honor would be no more than fitting," one of them declared, "in view of the fact that the explorer has placed the Stars and Stripes on the apex of the world and added perhaps 60,000 square miles to the nation's territory."

Among the explorers who are expected to take a prominent part in the welcome to Dr. Cook are the Duke of the Abruzzi, Dr. Fritjof Nansen, Captain Roald Amundsen, General A. W. Greeley, Rear Admiral George Melville and Anthony Fiala of this city.

No definite date has yet been set for Dr. Cook's arrival here. Captain Bradley S. Osborn, secretary of the Arctic club, said that the explorer is not expected for several weeks. "He is due in Copenhagen in three days," says Captain Osborn, "and if he came straight home would arrive in New York about the middle of September, but his friends believe that he may make several stops on the way home. For one thing, the geographers and scientists of Copenhagen will tender him a welcome. He may go to Christiana to meet Captain Amundsen, the discoverer of the Northwest passage; it is likely that he will visit Belgium, where he has been decorated for his services to science, and it is scarcely conceivable that the British geographical societies would allow him to pass them by on his way home without an invitation to London."

MRS. COOK VERY RETICENT

Declines to Discuss Her Husband's Achievement.

South Harpswell, Me., Sept. 3.—Modest to a marked degree and shunning the publicity which has been so suddenly thrust upon her by the remarkable achievement of her husband, Mrs. Frederick A. Cook, wife of the Arctic explorer, who has arrived here, persisted in her refusal to make any statement for publication. She begged to be excused, saying that she was tired and nervous, and had absolutely nothing to say.

Mrs. Cook and two young daughters left Brunswick in a two-seated surrey on an eight-mile drive over Sandy Ponds to this sea shore resort, where they have been staying the past two weeks.

Since the receipt of the news from Dr. Cook she has been trolley riding in this section of the state with friends.

According to the hotel proprietor, Mrs. Cook knew nothing of Dr. Cook's success until shortly before leaving Lewistown for Brunswick. Then she expressed herself as much delighted.

Rage is vulgar and never more vulgar than when it proceeds from mortified pride, disappointed ambition and thwarted willfulness.—Coleridge.

EARLY REPORTS CONFIRMED

Loss of Life and Property in Mexico Heavy.

Monterey, Mex., Sept. 3.—As communication is gradually restored with the flood-swept section of Northern Mexico previous reports as to loss of life and property are confirmed. Belated dispatches received at the headquarters of the Third military zone in this city tell of damage to the towns of Rayones and Galeana and of the practical destruction of the towns of Mier, General Bravo and Camargo. Meager reports as to damage at Victoria, the capital of the state of Tamaulipas, and other towns along the Tampico branch of the Mexican Central railway to the southeast of this city have also been received.

Great strides have been made in the relief work in Monterey and the refugees are being taken care of as well as possible. The destruction wrought by the flood comprises 102 city blocks in three different sections of the city. These districts are a mass of ruins and in most cases swept clean, leaving nothing but deposits of sand.

The first relief car has arrived from San Antonio and the food and wearing apparel will be turned over to the relief committee working in conjunction with Consul General Hanna.

HALF OF THE CITY IS GONE

Flood Washes Away Part of a Mexican Town.

Laredo, Tex., Sept. 3.—A dispatch received by the mayor of Nuevo Laredo, Mex., from Camargo, Mex., situated 125 miles from this city on the lower Rio Grande, stated that as a result of the flood of the San Juan river due to the recent heavy rains and the overflow from the Santa Catarina river, which is a tributary of the San Juan, half the city has been washed away and there is great suffering among the poor Mexicans. The telegram states that fully 200 Mexican families are homeless and badly in need of food supplies. There is no mention made of any loss of life.

Camargo is a town of approximately 4,000 inhabitants.

TWO PERSONS ARE FATALLY INJURED

Eleven Others Badly Hurt in Accident in Iowa.

Des Moines, Ia., Sept. 3.—Two persons were fatally hurt and eleven seriously injured when a loaded Rock Island passenger train carrying state fair visitors returning from the show grounds, struck a packed Des Moines street car full of admiring and crushed it to kindling wood. The car was carried fifty feet on the cowcatcher of the engine and wrecked against the steel girders of the bridge across the Des Moines river, in momentary danger of falling into the river twenty feet below. The fatally injured are: Mrs. Ed Lawless, Des Moines; Ora Edwards, Park Station.

The seriously injured are: Mrs. Ora Edwards, Park Station; Emma Russell, Park Station; Mrs. J. L. Jones, Des Moines; Emma Wells, Park Station; Minnie Henderson, Lacombe; Tillie Figenheim, Park Station; H. A. Henderson, Lacombe; E. Williams, Des Moines; Helen Jackson, Des Moines; Mrs. H. J. Hamman, Des Moines; Mrs. R. M. Rollins, Des Moines.

The injured were taken to the various city hospitals.

TAMPA IS STILL ON THE MAP

Prophecy That It Would Be Destroyed Proves Untrue.

Tampa, Fla., Sept. 3.—Disappointed because their prophecy that Tampa was to be wiped off the map by a great disaster, Sept. 1 failed to come true, thirty footsore and weary disciples of the "unknown tongue," returned to this city from Durant, twenty-five miles from here.

Several days ago the party sold their all here and moved to Durant, which they were told would be outside the stricken zone. Their chief priestess, however, is said to have raised the price of provisions to the "faithful," the profits going to herself. The prophecy now has been revised to read Sept. 16.

The English port of Southampton because of the position of the Isle of Wight has four high tides every twenty-four hours.

TAFT MAY GO TO ALASKA

President Likely to Visit the Northern Territory.

HAWAII MAY ALSO BE VISITED

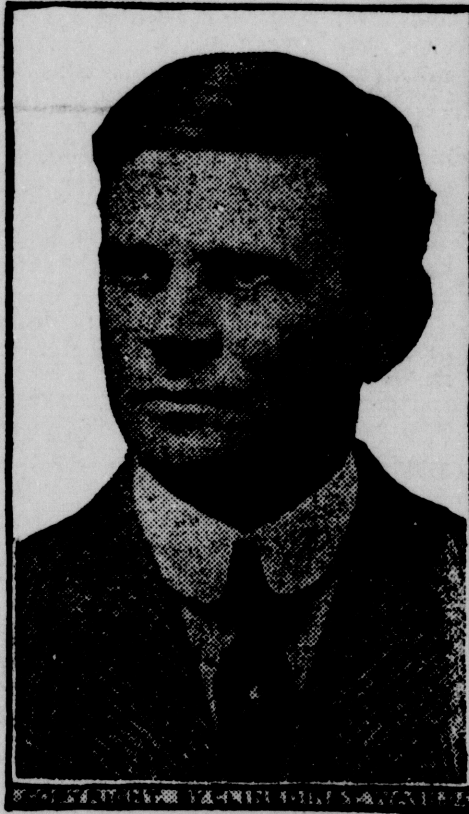

Chief Executive Announces That He Probably Will Go to Alaska Next Year—Both President Taft and Secretary Knox Refuse to Discuss Reported Discovery of the North Pole. Taft Denies Sending Message.

Beverly, Mass., Sept. 3.—President Taft, in bidding goodbye to Walter Ely Clark, who is to be inaugurated as governor of Alaska Oct. 1, announced that he probably would visit the Far Northwestern territory next year. It is reported that if the president should go to Alaska next year he may extend his trip to include the Hawaiian Islands.

Mr. Clark was with the president for more than an hour. Secretary of State Knox also was present at the conference. Mr. Knox, in fact, has seen the president every day this week either on the links of Myopia club or at the cottage.

Neither the president nor secretary would discuss the reported discovery of the North Pole. When the secretary was asked as to the etiquette of what the state department ought to do with the Pole under the circumstances, he laughingly replied: "Annex it, of course."

President Taft had a little touch of sciatica which may keep him off the golf links for the remainder of the week. He first felt it when playing

WALTER E. CLARK.

in the morning. During the afternoon he said he no longer felt the twinges of pain and went for the usual late afternoon automobile ride.

The following statement was given out at the executive offices:

"President Taft has been informed that a telegram has been published in the St. Paul Pioneer Press and Dispatch of the following tenor:

"I assure you of my complete sympathy with the plan to honor Minnesota congressional delegation by a public ratification meeting."
—"William Howard Taft."

The president requested the press associations to announce that no such telegram was sent by him to the Pioneer Press or to anybody else.

Representative Tawney of Minnesota, chairman of the house committee on appropriations, supported the president in his fight for tariff revision throughout and even went so far as to vote against the remainder of the delegation from his state in favor of free lumber. During his trip West the president will stop all of one evening at Mr. Tawney's home town of Winona, and it has been reported that he would take occasion to commend Mr. Tawney, although there has been no confirmation of this intention.

Senator Burrows of Michigan saw the president for a few moments. The call was a social one.

FINDS HIS CHILDREN DEAD

Fire Captain Responds to Call of Fire in His Own Home.

Cincinnati, Sept. 3.—Responding to an alarm of fire, William Willis, captain of a fire department in the suburb of Norwood, found his own house in flames and the dead bodies of his son, Elbert, five years old, and Virgil English, four years old, being carried from the place. Both had been suffocated.

Big Ribbon Bargain For the School Girls

Just put in stock and displayed for the first time in our windows today. SIX inch wide taffeta hair ribbon—take your tape measure and see just how wide this is—of a good weight and in colors, white, light blue, navy, black, brown and green.

We have but fifty pieces—we expect it to go in a hurry so come tomorrow for first choice.

And now the price. We first thought to sell these at 30c knowing that it would be a big bargain at the price, but have decided to place it on sale at but..... **25c**

Mrs. Joseph Keibler, Jr., and children went to Duluth this morning for a short visit. Miss Minnie Fitzpatrick, who has been visiting at the Keibler home, left on the same train for Duluth, to attend the Duluth normal.

Buy a lot in Deerwood on the installment plan. For terms see J. H. Krekelberg, Citizens Bank Bldg. 22tf

Misses Helen and Beatrice Eddy, who have been spending the summer at their father's cottage at Hubert, returned to their home in Minneapolis yesterday and will resume their school work in the university of Minnesota.

Mr. L. S. Zakariasen, the tailor, has an entire new stock of imported and domestic woollens for Fall and Winter to show you. They are up-to-date in every respect and the prices are reasonable. Call and see them. 75-tf 704 East Laurel St.

Frank Hestler, who has been night clerk at the City hotel for some time, resigned his position and went to the twin cities this morning. He states that he expects to return in a few days and assume a position at the Antler's hotel.

A dandy new assortment of rich American Cut Glass, in the latest patterns and moulds, and at prices that will astonish you—at D. M. Clark & Co's. 77-tf

A. Mentzer, Chas. Emerson and J. E. Goodman, of Duluth, came over from Staples last evening, having been in attendance at the funeral of Walter B. White. They went to Duluth this morning on the passenger, which was over two hours late, having been held at Staples for western connections.

Picture frames and mouldings at D. M. Clark & Co's. Framing a specialty. 77-tf

Secretary Dennis, of the Y. M. C. A., is very enthusiastic over the races for Labor Day. The park board has fixed up the old bicycle track at Gregory park for the mile run and has also made a track 35 feet wide for the dashes at the west end of the park. A bunch of boys were out last night and made the mile in less than

4:50. There will be a crowd out at six o'clock tonight and all wanting to enter the races should be there.

Division Superintendent Geo. T. Ross, W. L. Perkins, division engineer, R. H. McFarlane, superintendent of bridges and buildings and Mr. Sloan, his assistant, were in the city a few minutes this forenoon. They are making an inspection of the bridges between Staples and Duluth and expect to reach the latter place tonight. Roadmaster Tyler is accompanying them over the road. They went to Staples on No. 13 last night.

Al LaLond has resigned his position with H. W. Linnemann and is again in charge of the Ransford billiard parlor. Al is a first class billiard man and will undoubtedly draw considerable trade that would not otherwise go to those parlors. Fred Sanborn, who helped out during the big sale, has accepted a permanent position with Mr. Linnemann and will have charge of the books, thus relieving Mr. Linnemann of much drudgery thereon.

Dr. Frank Sykora returned last night from Chicago and has associated himself with Drs. Camp and Thabes in the practice of medicine and surgery. The new firm will be known as Drs. Camp, Thabes & Sykora. Dr. Sykora, who graduated last April, has for the past six months been first surgical assistant in the Frances Willard hospital and has assisted at every operation performed in the hospital during that time, which has given him an unusually wide experience for so young a surgeon. The many friends of all the members of the firm will join with The Dispatch in wishing them success.

To Detroit and Return \$12.00
Via the South Shore in connection with steamers of the D. & C. line. Excursions leave Duluth on Night Express, Sept. 15th, 17th, 19th, 22nd. Rate to Toledo \$12.50; Cleveland \$13.50; Buffalo \$14.00.

ALL BUT ONE MEET DEATH
Train Hits Auto Containing a Party of Four Persons.
Reading, Pa., Sept. 3.—An automobile in which were riding William L. Gaul and wife of Temple, Pa., and Mr. and Mrs. Samuel E. Schlegel of this city, was struck by a Pennsylvania railroad train at Douglassville near here and all but Dr. Schlegel were killed. The train was running at high speed when the collision occurred and the machine was thrown some distance down an embankment. Mr. and Mrs. Gaul and Mrs. Schlegel were dead when picked up. Dr. Schlegel had both legs broken.
The party had been on a week's motor trip to Delaware Water Gap and Philadelphia.

PEOPLE ROUSED BY SHOP WHISTLE

Second Small Blaze Within Twenty-four Hours Calls Out the Shop Firemen

RED CONTAINING FLAX TOW May Have Caught From Thursday's Fire or From Fire to Burn

Old Cars The entire town was aroused shortly after four o'clock this morning by the vigorous and prolonged blasts from a locomotive engine. These were followed by the fire call of the shop whistle and people turned out to see the sky red in the direction of the car shops. The blaze proved, however, to be in a shed east of the car shops, which was used for the storage of flax felt used in the construction of refrigerator cars. The fire was soon under control but took considerable time to entirely extinguish the smoldering fire in the shed.

Card of Thanks We wish to extend our heartfelt thanks to the many relatives and friends who so kindly assisted us during the illness and death of our husband and father, and also for the beautiful floral offerings

Ostrom, Pequot; Fred Ferguson, Pequot; Chas. Ferguson, Pequot; Dot Ferguson, Pequot; P. M. Larson, Brainerd.

Obituary

John Gust Oscar Lind, a machinist at the Northern Pacific shops, died Monday, August 30th, at his home in East Brainerd, after a very long suffering from cancer of the stomach. He was conscious until he died, so he bade each member of his family a last farewell, giving them all a word of warning and advice to remember. He was very well able to do this, as he always lived a very honest and upright life, being a person of extremely strong moral character.

The funeral took place from the Swedish Mission church at 2:30 p. m., Rev. Jacobson conducting the services. The church was full to overflowing and the flowers were profuse. The machinists escorted the body to the church as well as to the cemetery.

John Gust Oscar Lind was born in Upsahl, Sweden, August 6, 1855, was married to Mary Charlotte Fredlund, October 1st, 1876; came to this country and this city in May, 1882, where he has lived ever since, being employed as a machinist at the Northern Pacific shops.

He leaves a wife and eight children to mourn his loss, besides many relatives and friends.

AFTER KILLING HIS MOTHER

Young Pennsylvania Man Commits Suicide.

Pottsville, Pa., Sept. 3.—After killing his mother, probably a week ago, George F. Simmons, twenty-one years of age, committed suicide at the home of Violet Hartman, to whom he had been paying attention. The body of the mother was found in the attic of her home by the father, George F. Simmons, Sr. The door of the room was fastened with large screws and the crevices were sealed with paraffine. The body is in a badly decomposed condition. It is believed she was strangled. After the body was discovered the husband notified the police, who went to the home of the Hartmans to ascertain the whereabouts of the young Simmons. Upon seeing the officers the young man shot himself in the head before any one could interfere.

DEAFNESS CANNOT BE CURED

by local applications, as they cannot reach the diseased portions of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness caused by Catarrh that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

F. J. CHENEY & CO., Toledo, O. Sold by druggists, 75c.

Take Hall's Family Pills for constipation.

The Veil Withdrawn

Dr. Sawyer, the celebrated medium who gained such notoriety in England, will give one of those seances in spiritualism that have made him famous throughout both continents, at the opera house Sunday night, Sept. 5th. The following are among the many manifestations that will be produced in broad light on the open stage: Materializations of forms and faces, Sawyer's open light seance, blood writing on the arm, supernatural visions, a table suspended in mid-air without human agency, a test that has caused a great deal of talk among scientific men is called De Materialization—while the medium is surrounded by a committee, spirit figures appear on the stage, disappearing they immediately appear among the audience in plain open light. Sunday night the sceptical may be represented with liberty to subject the gentleman to any reasonable test and free to detect what they can.

REPORT ON SCHOOLS OF COUNTY

Supt. A. J. Wilson Has Presented His Annual Report to the State Supt. of Instruction

MUCH VALUABLE INFORMATION

Schooling of Rural Pupils Costs About as Much per Day as in the City Schools

County Superintendent Wilson has just transmitted his annual report to the department of public instruction. From it the following interesting and instructive facts were gleaned.

In the report the statistics of city schools are first reported separately from rural schools and then the two are combined and made into one report for the county. The term city school in this extract means the Brainerd schools, as there are no other city schools in the county.

Number of pupils entitled to state apportionment—city 2102, rural schools 1713, all 3815.

Total enrollment—city 2215, rural 2124, all 4339.

100 rural schools are included in the report.

The rural schools are housed in 74 frame buildings and 24 log buildings. The log buildings are rapidly giving way to neat and modern frame buildings; five new buildings having been erected the past year at a total cost of \$4,350.

The schools of the county are taught by 4 men in city schools and 8 men in rural schools, and 50 lady teachers in city and 93 in rural schools.

The average wages for men per month was \$101 in city and \$52.25 in rural schools. For women, city \$60, rural \$38.38.

36 teachers of the city were high school graduates, 34 normal and 23 college graduates.

Of the rural teachers, 20 were high school graduates, 4 normal graduates, 16 not graduates had attended a high school and 25 had attended a normal school for longer or shorter periods.

31 rural schools report libraries with 4406 books, 688 books having been added during the past year.

15 districts have applied for special state aid of \$150.

All the school houses in the county are valued at \$267,000.

District 21 transported its pupils to a school in Morrison county.

District 87, on petition, was annexed to District 79.

The following is the financial statement of the several districts:

RURAL SCHOOLS

Cash on hand at the beginning of the year	\$22009 96
Received from apportionment	7399 92
Received from special tax collected	28839 85
Received from local one mill tax collected	3137 29
Received from apportionment	2736 90
New school houses and sites	3469 91
Bonds and interest	4388 75
Library books (not text books)	168 73
Text books for loan or sale to pupils	936 30
Apparatus	247 79
Transportation of pupils	187 71
All other purposes	2923 93
Cash on hand at the end of the year	23158 91
Total	\$66218 38

CITY SCHOOLS

Cash on hand at the beginning of the year	\$7956 72
Received from apportionment	9448 40
Received from special tax collected	32968 25
Received from local one mill tax collected	1132 19
Received from special state aid	1400 00
Received from bonds sold and all other sources	36795 32
Total	\$89700 88

Disbursements: Paid for teachers' wages and board—\$31527 13

Fuel and school supplies—3438 12

Repairs and improving grounds—1601 44

Bonds and interest—3782 22

Text books for loan or sale to pupils—2920 22

All other purposes—34954 48

Cash on hand at the end of the year—11477 27

Total—\$89700 88

Comparing the cost of maintaining the city schools with the enrollment we find that the cost to the people per year for each pupil was \$35.31 or 24 cents a day. The cost in rural schools was \$20.27 a year for each pupil or 23 cents a day.

It will be observed in this connection that pupils in city schools attend on an average of 146 days a year, while in rural schools the attendance was 88 1/2 days a year.

This presents a problem for the management of rural schools to solve. Will it be possible for the attendance in rural schools to be brought to the high standard attained in city schools?

Several of the rural schools report over \$1,000 on hand after all expenses have been paid. These schools will not have to make any levy for the running of their schools for the coming year.

The average rate of taxation for school purposes in the rural districts was 12.83 mills; in city schools it was 15.02 mills.

The 100 rural schools are scattered

over an area of 32 townships.

The county superintendent made 190 visits to schools, traveling nearly 4,000 miles in doing so.

The salary of the county superintendent the present year is \$1,200, out of which he has to pay his traveling expenses and keep of team. The salary of the city superintendent was reported at \$2100 a year. The great need of the rural schools as expressed by the county superintendent is a better trained and better educated class of teachers. While there are a number of excellent, well educated and well trained teachers in the county, yet there are too many wishing to teach who are not beyond the eighth grade, while in almost every school there are classes seeking eighth grade work.

An eighth grade teacher is evidently not prepared to teach in such schools.

96 districts provide free text books at an estimated cost of 31 cents a year for each pupil enrolled.

Ludwig-Christensen

A very pretty wedding took place at the parsonage of the First Methodist Episcopal church at high noon yesterday, when Albert A. Ludwig, of this city, and Miss Elsie L. Christensen, of Merrifield, were united in marriage, the Rev. Chas. Fox Davis reading the lines of the shorter ring service of the church. Miss Nancy Christensen assisted the bride and E. Engstrom was best man. The wedding was witnessed by a large circle of friends, with C. Anderson, of Duluth, and E. Engstrom, of Minneapolis, among the out of town guests.

Each of the contracting parties are well known in this city. Mr. Ludwig being in the employ of the Northern Pacific. The young couple left for Minneapolis and on their return will make Brainerd their future home.

Open Thursday Evenings

The Dispatch office is open every Thursday evening, and parties finding it inconvenient to call during the day time on business, can always be sure to find someone in the office on that evening. dw-tf

ARTICLES OF INCORPORATION

—OF— THE BERMAFAEL COMPANY.

The undersigned, for the purpose of forming a corporation under Chapter 58 of the Revised Laws of Minnesota, for 1909, and amendments thereto, hereby adopt the following Articles of Incorporation.

The name of the Corporation shall be "THE BERMAFAEL COMPANY," and the general nature of its business shall be buying, selling, leasing and improving lands and tenements, loaning money upon real estate and chattel security, buying and selling notes, mortgages and other chattels, and the principal place of transacting the same shall be in Brainerd, Minnesota.

The period of its duration shall be thirty (30) years.

The name of the incorporators are Matilda Hagberg, Arthur Hagberg and Fritz M. Hagberg, all residents of Brainerd, Minnesota.

The management of the corporation shall be vested in a board of directors, the number of whom shall be elected by the stockholders at their annual meeting which shall be held on the first Saturday in January of each year, at ten o'clock in the forenoon, at the head office. Matilda Hagberg, Arthur Hagberg and Fritz M. Hagberg, residents of Brainerd, Minnesota, shall compose the first board of directors and hold their office until the first annual election and until their successors are elected. The resolution in writing signed by all the holders of the capital stock of the corporation, as shown by its books, and any resolution in writing, signed by all the directors of the corporation, shall have the same force and effect as if passed and adopted by ballot unanimously at any regularly called meeting of the corporation, or of the stockholders or directors respectively.

The amount of the capital stock shall be Fifty Thousand Dollars (\$50,000), divided into One Thousand shares of Fifty Dollars (\$50) par value. Such capital stock may be issued in whole or in part in exchange for real estate or notes secured by mortgage or other securities at fair market value, whether owned by persons interested in the corporation or others.

The highest amount of indebtedness or liability to which the corporation shall be at any time subject shall be Ten Thousand Dollars (\$10,000). No instrument evidencing indebtedness or liability or transferring real estate shall be valid without the signature of both the President or Vice President and Secretary.

The officers of the corporation shall be a President, Vice President, Secretary and Treasurer, which latter two offices may be held by the same person, and such other officers as may be provided for in the By-Laws of the Corporation. Arthur Hagberg shall be President, and Matilda Hagberg, Vice President, and Fritz M. Hagberg, Secretary and Treasurer, until their successors are elected and qualify.

In testimony whereof, we have subscribed and acknowledged these presents.

MATILDA HAGBERG, ARTHUR HAGBERG, FRITZ M. HAGBERG.

In presence of H. A. SIMONS, A. M. FELDMANN.

State of Minnesota, Beltrami County—ss.

On this 23rd day of August, A. D. 1909, came before me personally Matilda Hagberg, Arthur Hagberg and Fritz M. Hagberg, to me known to be the same persons described in and who executed the foregoing instrument, and acknowledged the same to be their free act and deed.

(Seal) H. A. SIMONS, Notary Public Beltrami Co., Minn. My commission expires May 2, 1914.

State of Minnesota, Department of State.

I hereby certify that the within instrument was filed for record in this office on the 28 day of August, A. D. 1909, at 11 o'clock a. m., and was duly recorded in Book B3 of incorporations on page 755.

(Seal) JULIUS A. SCHMAHL, Secretary of State.

37189 State of Minnesota, County of Crow Wing—ss.

I hereby certify that the within instrument was filed for record this 2nd day of Sept., A. D. 1909, at 9 o'clock a. m., and recorded in Book K of Miss. on page 129.

(Seal) A. G. TROMMOLD, Register of Deeds.
